

THE GAZETTE.

TUESDAY JULY 13.

Mr. Cleveland is doing a great deal of work this summer, but two years from now the people will veto him.

The Madison Democrat says that all the present members of congress should be returned to private life. Well, but let us see if the Democrat will advocate the retirement of Bragg and Hunt.

In the United States senate the chair, by request, introduced a bill to stop all payments of public money to James B. Eads, his associates or assigns, for past, present or future work at the mouth of the Mississippi river, until further ordered by congress. For goodness' sake let that bill pass as early as possible.

Senator Stanford, of California, it is said, will soon resign his seat in the senate. "He is tired of public life. Recently he had an attack apoplectic in his nature. He will remain in the senate until congress adjourns its session, but he will resign in order to have his successor duly elected so as to enter the senate when it meets again next winter."

The Courier-Journal says to the faithful in the east: "We can not undertake to elect democracy from the east." To which the New York Sun responds: "All right, but don't try to prevent eastern men from electing democracy by uselessly slashing around here about the tariff." This illustrates the spirit of charming harmony which exists in the democratic party.

The Hon. Nels W. Wheeler, district attorney of Sauk county, died at his home in Baraboo on Sunday evening. He settled in Sauk county in 1851, where he began the practice of the law. In 1859 he was a member of the assembly. Mr. Wheeler has made a wide reputation for wit, and some of his speeches and newspaper articles were excellent specimens of wit and humor.

Asks the Springfield (Mass.) Republican, a newspaper paper, "Will democrats officials administer the civil service not in the way in which the civil service commission demands that it be administered? They must or else the president will be obliged to call them to account, and to put men in their places who will obey the law." The president will do so, no such thing as to call them to account. He has not, so far during his administration, called any democrat to account for violating the civil service law. Mr. Cleveland does not observe it himself, and of course he does not expect the officials under him to be more faithful than he is.

The result of the elections in England up to Saturday night is as follows: Conservatives, 128; Liberal Unionists, 61; Gladstonians and Tarnshires, 218. If the sanguine estimates of the Tories are realized the final positions of the parties in the new house of commons will be: Conservatives, 328; Liberal Unionists, 88; combined anti vote, 410; against 233 Gladstonians and Tarnshires. These, with the speaker, make up the full complement of 670 members. The position is complicated by the fact that should Mr. Gladstone revise his home rule policy in such a way as to induce the liberal unionists to return to his support he would thus be enabled to command a majority.

Democratic politics in New York seem to be badly mixed. For instance, the Albany Times, the official organ of the Albany democracy, and the month-piece of Cleveland while he was governor, is giving the history of some of the political events at the New York capital, says: "Here plotted Shanahan and Cleveland to employ 500 extra men on the canal in October, 1884, and here were other plottings, any one of which not carried out must have left untarnished the 500 votes in this state that gave Cleveland the presidency." It was charged by the republican press of New York during the campaign of 1884 that the canal were being worked for all they were worth for Mr. Cleveland, but the Albany Times then denied the charge. It now confesses that the charge was true.

THE HENNEPIN SCHEME.

The lackless Hennepin canal appropriation scheme fares even worse as it rides upon the river and harbor bill than it did as an independent measure. The senate is still fighting over it, but it will hardly pass it. The action of New York in taking steps to enlarge and improve its canal system at an expense of \$50,000,000 which it proposes to bear itself affords an example which Illinois, whose statesmen are howling for a national appropriation to develop a state improvement, might imitate to great advantage.

Yes, but the Hennepin canal scheme has passed the senate by a vote of 21 to 22. The bill provides for the unloading of some \$300,000 a year into the Hennepin scheme, and Senator Plumb, of Kansas, calculated that it would require some thirty or forty years to complete the canal at that rate of expenditure. In the course of his argument he commented upon the failure of the work on Galveston harbor, and said that the government had been sending army engineers to school there, at a cost of several million dollars. The whole system, he said, was wrong. He complained that the whole business of public works carried on in the war department was managed in a ship-shod way—millions being spent for material, and an account kept of it. As to Hennepin canal, he complained that the army engineers had planned to take it across a high divide, which might be avoided by diverting the line a few miles southward. The trouble with these high-priced, well-patched engineers, fresh from school, was that they always wanted to do some impracticable thing.

In contrast with these practical suggestions come the reckless words of Senator Miller, of New York, who supported

the bill. He wanted the public treasury emptied into the harbors, canals and creeks of the country. He thought the river and harbor bill should be from \$27,000,000 to \$30,000,000 a year. Because the treasury was full and inclined to run over, he favored amassing it on the harbors and rivers in defiance of public sentiment and in contradiction to the common principles of public economy. Such men as Senator Miller believe in feeding all the jobbers the treasury is capable of feeding.

ABOUT DISHONEST FUNERAL EXPENSES.

About a month ago Hon. W. T. Price, of the 5th district, made a speech in which he recalled the habit of extravagance that had grown up in the matter of congressional funerals. The Evening Wisconsin, of this city, commented on the facts Judge Price used in his speech, and credited a correspondent with having hunted up the facts. The following article from the Wisconsin, of a few days ago, explains it: "When days ago, the Wisconsin returned for the purpose of commenting on the extravagant congressional expense incurred in the burial of the late Representative Haskell, of Kansas. Many of the absurd items in the account were given in detail and obligation was acknowledged to the Washington correspondent who, in spite of the studied effort of congressmen to suppress report of such waste of the people's money, had succeeded in getting hold of the official facts.

This courteous acknowledgment to the correspondent is hereby formally withdrawn. It was wholly undesired. A characteristic letter lately received from that incessant and tireless fraud hunter, Representative W. T. Price, of Wisconsin, said: 'The reporter had nothing to do with the subject matter except to steal it from me.'—Milwaukee Sunday Telegraph.

The speech referred to was delivered in the house of representatives on the 9th of last month. It was a timely speech because it was the showing up of the extravagance of congress in providing for funeral expenses. He showed, in fact, that the way the business was managed "it was a virtual theft of the people's money, which, being practiced in private life and by private individuals would be characterized as theft, and not impossibly punished by a term in the penitentiary."

It is an honor to Mr. Price that he had the courage to expose the frauds practiced at funerals of deceased members of congress. This fraud has been going on for years, and no doubt it will be practiced at the very next congressional funeral. It took nearly \$30,000 to bury the late Senator Miller, of California, quite as much as was the case with the magnificent and matchless obsequies of General Grant. Every candid man will admit that such expenditures are a burning shame; and even the congressmen who vote for them without a blush, would be the loudest in hearing of condemnation on a general charge of extravagance and dishonesty practiced in private life. Why, not then, have as much regard for the public treasury and public honor as you would for your own pocketbook and your own personal integrity?

SPORTS AFLOAT AND ASHORE.

Northwestern Amateur Regatta—Record of Race-Course and Diamond.

Grand Rapids, Mich., July 13.—The annual regatta of the Northwestern Amateur Rowing association began here Monday. The weather was dry, the course was in flood's lake, one mile and return; and it was a first one. The first race was for junior fours, the entries being the Centonials and Excelsiors, both of Detroit, and the Owashtons, of this city. The Centonials won; Excelsiors, second—time, 12:45.

In the junior double-sculls, which followed, Corvells and Lewis, of Grand Lodge, Mich., and Perry and Hubbard, of Battle Creek, were the contestants. The former led to the turn, but Lewis gave out, and Perry and Hubbard rowed home alone—time, 14:00.

In the senior singles, Ball, of Detroit; Wells, of Chatham, Ont.; and Corbett, of Chicago, entered. Corbett won in 13:45, breaking the record, 14:10, made by Wells last year. Ball second.

The fourth race was four-oared gigs, in which the entries were the Stylans, of Melrose, Ill.; the Excelsiors, of Detroit; and Owashtons, of this city; won by Excelsiors; Owashtons, second—time, 13:57.

Washington Tug Races.

Chicago, July 13.—Sunbeam won the first race, 2 1/2 miles, at Washington park course Monday. Albany second; Warren second 1/2 mile. Cuban Queen second; Sunbeam the 1 1/2 miles. The second—time 2:07, beating the American record, 2:07.

Philadelphia—New York 6, Philadelphia 7—eleven innings. American association. At Louisville—Allegany 2, Metropolitan 4; at Louisville—Baltimore 3, Louisville 4; at St. Louis—Athletic 5, St. Louis 3.

FAILED FOR HALF A MILLION.

And One Partner Missing—A Sugar Firm.

New York, July 13.—J. De Rivera & Co., of 17 Pearl street, this city, importers of West India products, principally sugar, assigned Monday without preference to Francis T. Sargent. The firm became embarrassed in July, 1884, by carrying over \$1,000,000 worth of sugar and honey for customers who failed to keep up their margin.

The creditors granted twenty months extension, and the full amount with 6 per cent interest was paid off by May 1 of this year. Other firms in the trade were of the opinion that losses on sugar had led to the assignment and the liabilities were variously estimated at from \$300,000 to \$500,000.

M. J. De Rivera, Jr., a member of the firm, has been missing since Thursday last. The other members profess to know nothing of his whereabouts. His aged father, who founded the house forty-six years ago, and after making a fortune, retired, installing his son as a partner, arrived in the city Monday from Ohio. It is understood that he has indicated a large amount of paper for his son, Salvador Rose, one of the partners, said: "You can place your construction upon me on Mr. De Rivera's disappearance. We have begun an investigation."

A Missing Shoe Dealer.

A STROKE OF LIGHTNING.

FELT BY THE WESTERN UNION TELEGRAPH COMPANY.

Omaha Operators Leave Their Keys and Will Be Followed by Those at San Francisco and Other Points—Some of the Grievances Complain of—Other Labor Troubles.

OMAHA, Neb., July 13.—At 11 o'clock Monday afternoon a committee of four, appointed by a majority of the telegraph employees of the Western Union Telegraph company in this city, waited on Superintendent J. Dickey and presented the following demands, dated Omaha, July 13, and addressed to him:

"DEAR SIR:—We, the undersigned, the operators employed by the Western Union Telegraph company in Omaha, respectfully inform you that said operators have demanded that they be paid extra wages for all over-time, and that unless said demand is complied with at or before 12 o'clock noon, July 13, said operators will refuse to continue in the employ of said company. This action is taken with sanction of and in concert with the operators employed by the Western Union Telegraph at Ogden, Utah, and San Francisco."

At 3:30 Monday evening Chief Operator Patterson discharged W. C. Youlinson, one of the committee, whereupon six other operators put on their coats and quit work. At 8 p. m. three others quit and later on several others, making a total of fifteen out of twenty-five night men. About fifteen or twenty on the day force will quit work if extra pay is not restored, making a total of thirty or thirty-five men out on a strike out of a total operating force of fifty men. A telegram was received from Ogden by the committee, saying: "We are with you and will strike Tuesday." The strike at San Francisco operators have also presented their demand for restoration of extra pay for over-time, and will strike if not received. At Omaha the night operators are compelled to do from 12 o'clock noon to 12 o'clock midnight, for which they receive no pay, and day men are required to work one night each in every week gratis, besides being "stuck" one-half to an hour over-time every afternoon. The strike at Ogden and here will seriously damage the business of the Western Union, from the fact that this is their main route to the Pacific coast, the only other route being via Denver, N. M., which is at present crowded to its utmost capacity.

Strike at Michigan City.

MICHIGAN CITY, Ind., July 13.—One hundred and forty men in the employ of A. R. Colburn, Rawson, Root & Co., and L. Will son & Co., lumber dealers, struck against a cut of 10 cents a day Monday. This is the first labor difficulty which has occurred here this season. The men demand the same scale of prices as govern the Chicago yards.

Ended by a Compromise.

DETROIT, July 13.—The lockout of stone cutters in this city, which has been in progress since last Monday, has ended by a compromise. A line of 8150 which had been imposed on contractors Knapp & Avery has been rescinded and two discharged men reinstated in their yards. The compromise is a back-down on the part of the men.

Will Hold Out Against the Strike.

SALEM, Mass., July 13.—The leather manufacturers met Monday evening and resolved to hold out against the strike.

SPECK OF WAR AT PITTSBURG.

Between Gas and Railway Companies—Disagreement Settled.

PITTSBURG, Pa., July 13.—The Pennsylvania Natural Gas company is laying pipe on Light street this city, and in order to complete the line found it necessary to cross Light street, along which the tracks of the Pennsylvania railroad are laid, the Pennsylvania road objected on the ground that it would render dangerous the passage of engines over the gas mains unless the gas company should take a bond of indemnity for \$10,000, and double-excess their gas line.

The gas company's refusal to do this was the cause of extremely warlike demonstrations. An engine and five cars were backed to the point designated, each car loaded with laborers who threw the dirt back into the ditch as fast as the gas company's employees excavated it. Excitement became intense, and at one time a riot seemed imminent. Crowbars and heavy missiles were hurled about, but fortunately did no damage. Both sides rushed upon each other, and better course prevailed and during a brief respite representatives of both companies sought legal redress, but could find none. An amicable agreement was finally secured, the cars moved from the track and the gas pipe was placed in its trench.

Hayard Wants a Supreme Court Justiceship.

NEW YORK, July 13.—A Mail and Express special from Washington says that Secretary Hayard is dissatisfied with his present position, and he is promised in advance to support Mr. Gray for re-election to the senate. He can not seek to be returned to that office, as he is a republican. Mr. Hayard would prefer one on the supreme bench. He has communicated this desire to the president, and has received an assurance that should a vacancy in the court occur during the present administration his wish shall be complied with.

Sunday Baseball Players Want Disfranchisement.

CINCINNATI, July 13.—The Cincinnati base ballers, angered for playing on Sunday, appeared before Judge Blohm Monday morning. They pleaded not guilty. The only testimony offered was that of Constable Spitzky. All the members of the Cincinnati club were fined \$5 and costs. Treasurer Buckland was requested to pay \$5 and costs for exhibiting the game on Sunday. It is supposed this will stop the prosecution in the police court.

The British Elections.

LONDON, July 13.—Five hundred and eighty-two elections have been heard from, and the Tories still maintain a clear majority of two. The returns stand: Tories, 132; Liberal Unionists, 64; Gladstonians, 132; Nationalists, 74.

Sale of the Denver & Rio Grande.

DENVER, Col., July 13.—The Denver & Rio Grande railway was sold by decree of court Monday, and bought in by the Capital City Trust Co. for \$15,000,000. Under the reorganization fixed charges will be reduced to 4 per cent on the new consolidated mortgage, and will be brought largely within the current net earnings.

More French Expulsions Imminent.

PARIS, July 13.—It is expected that a decree ordering the expulsion of the Duc d'Orleans and the Duc d'Anjou will be issued soon.

To Consumptive.

Reader, can you believe that the Creator afflicts one third of mankind with a disease for which there is no remedy? Dr. R. V. Pierce's Golden Medical Discovery has cured hundreds of cases of consumption, and men are living to-day, healthy, robust men, whom physicians pronounced incurable, because one lung was almost gone. Send 10 cents in stamps for Dr. Pierce's book on consumption and kidney affections. Address: World's Dispensary Medical Association, 673 Main street, Buffalo, New York.

HIS SIN FOUND HIM OUT.

Remarkable Case of Retribution for Youthful Wickedness.

BROOKLYN, July 13.—The case of George W. Lake was before Judge Cullen again Monday morning. Lake, who is from 27 years old, was a native of Massachusetts and went to sea. A woman much older than himself, and who lived in the place, claimed to be his mother, and Lake's illegitimate child, but there were others who asserted that the child was that of another man. Lake went to Japan, made considerable money, returned to his home, and finding a little little girl running about his native place, whose mother had died and whose father was never known, took charge of her and had her educated. After she was graduated he placed her in charge of his affairs, and she loved her benefactor so much that she married him. They lived happily together for several years and he then got into a litigation with a wealthy corporation. His history was investigated and it was found that Lake was guilty of the murder of his mother. The second trial resulted in a disagreement of the jury. On the third trial, it being alleged that he murdered his mother, he was convicted. Since Lake's troubles began the girl is said to have lost her reason and is now in an insane asylum. Judge Cullen has allowed the counsel twenty days to file exceptions.

Captured a Counterfeiter.

OTTAWA, Can., July 13.—T. B. Isaacs, one of the chief counterfeiters who have been operating in Canada, was brought here Sunday from London, where he was arrested after a struggle in which he attempted to shoot the officer. A large quantity of bogus money and plates for bills on the Bank of Montreal were found on him. He was taken to the Montreal National bank of Boston, the Sioux City bank, of Sioux City, Iowa, and the Merchants' National bank, of Kansas City. A book was captured showing the names of the counterfeiters in various parts of the country. This record shows that over \$1,000,000 of the "counter" has been circulated.

Rock Island Railway Appointments.

CHICAGO, July 13.—The Chicago, Rock Island & Pacific railway Monday announced the following promotions and appointments, to take effect Tuesday: Mr. E. St. John, assistant general manager, with headquarters at Chicago; Mr. J. A. Holbrook, general ticket and passenger agent, and Mr. George H. Smith, assistant general ticket and passenger agent.

Hungarian Crop Report.

VIENNA, July 13.—The official report of the condition of the crops in Hungary indicates an average yield of wheat of 80 per cent, against 91 per cent in 1885. The prospects of a fair crop of rye and oats are excellent, but barley is in bad condition and the crop will be short.

Good Cause for Disappearance.

ROCK ISLAND, Ill., July 13.—G. W. McGovern, a prominent and much respected lawyer of Orion, Henry county, had suddenly disappeared, leaving a shortage of \$18,000.

The Weather.

At seven o'clock this morning the thermometer indicated 71 degrees above zero. Partly cloudy with northwest wind. At one o'clock p. m. the register was 63 degrees above zero. Partly cloudy with northwest wind. For the corresponding hours one year ago the register was 64 and 80 degrees above zero.
